Features:

- Stringent quality control at every stage in our laboratory
- Manufactured through high-frequency induction welding
- Rigid dimensional tolerance
- Uniform strength and durability
- Flexibility to designers and engineers
- Wide range of sizes
- Excellent surface finish
- Made from HR Coil
- Ease of fabrication
- Extreme bendability
- Eligible for hydrotested application

Industry applications:

- Infrastructure
- Architectural
- General Engineering
- Fencing industry
- Scaffolding & construction works
- Safety gates, railings & handrail
- Modular Furniture
- Industrial, residential & commercial structures
